## Required Attachment <u>G</u>: Comments of the Resident Advisory Board and Explanation of PHA Response

The resident advisory board met, November 8<sup>th</sup> to discuss possible changes to the five-year plan to better serve the residents with more energy efficiency with consideration asked of project 001 and 004. Both properties have the out dated piggy back window systems from the early 80's. The newer double glazed insulated type window would bring about savings in utility costs and give an overall better appearance to both properties.

The members on the board from Project 003 discussed the problems with the current HVAC system in their building. The fact that the resident does not have a choice of heat or cold control within their individual apartments is a major concern. Also discussed were the breakdowns with the system in the past five years.

The PHA response to the Advisory Board as follows:

- 1. Project 001 Windows for 20 units would be written to be included in the five year plan and addressed as funds are available.
- 2. Project 004 Windows and security screens for 20 units would be written in to be included in five year plan and addressed as funds are available.
- 3. Project 003 HVAC system 34 units would be written into five year plan as funds are available.

## **Voluntary Conversion Assessment**

The Housing Authority of the City of De Leon 200 E. Navarro De Leon, TX 76444 (244) 893-2535 Office (254) 893-3292 Fax

October 2, 2001

Mrs. Eileen Rogers, Director Department of Housing and Urban Development Texas State Office P. O. Box 2905 Ft. Worth, TX 76113-2905

**Subject: Voluntary Conversion Assessment** 

Dear Mrs. Rogers:

De Leon is a small community with a severely depressed economy. The Housing Authority offers the most decent affordable housing in the area. Conversion to vouchers is unfeasible because of a lack of other affordable and/or standard rental housing in the community.

Should you have questions feel free to contact me.

Sincerely,

Barbara Menzel-Gardner Executive Director
